

HYDE SCHOOL ANNUAL REPORT

2015–2016

Dear Friends of Hyde,

The highlight of Summer 2016 was definitely our fun and inspiring *Hyde at 50* Celebration on the Bath campus where 750 alums and friends returned to Bath to celebrate Hyde's first half-century. The success of the weekend was due to two factors.

First, those of us who work at Hyde put together a captivating gathering of activities and interactions. Second, the alums truly "got out the vote" and effectively convinced their busy peers to cross the bridge from "I'm thinking about it" to "I'm in." The end result was a weekend that no one will ever forget.

When I ponder our all-time high Annual Fund of \$1.2M, it is clear that those same factors were in evidence during the past year. I thank all of you for your support in helping us make this happen.

There are many economic challenges facing Hyde, but two are constant annually: 1) the need to increase financial aid; and 2) the goal of improving faculty compensation. We are committed to widening the doors of access to families of diverse financial means and we must attract and retain committed and accomplished faculty members. Neither is possible without a robust Annual Fund. With thanks to the work of our professionals at Hyde and the generosity of our alumni, parents, and friends, we have been able to experience a robust Annual Fund for several years in succession with this year marking a record high. It won't surprise you to learn that we hope to top that record next year and will be calling upon you to help us do that.

While we were gearing up for the *Hyde at 50* Celebration, a board member asked if we were focused on the last 50 years or the next 50 years. We all came to realize that the latter is our primary source of attention. To be sure, we wanted to honor the efforts and accomplishments of so many Hyde individuals and groups since we opened our doors in 1966. We have now done that. However, we have even bigger hopes and dreams for the next 50 years. While I do not necessarily expect to see that celebration, I absolutely expect that the members of the Class of 2016 and those students currently attending Hyde will be the key players in both planning and observing that occasion. Know that your generous support of their Hyde experiences will prove to have played a critical role in shaping both their educations and Hyde's first century.

Thanks and Onward,

Malcolm Gauld ('72 Bath)

President
